HAVE YOUR SAY

For the most part, research into treatments for prostate cancer does not represent the voices and experiences of the vast majority of men. We hope to change this and will be hosting engagement events and activities where we can meet men with prostate cancer and give them an opportunity to have their say.

Please help us to develop this new project by answering the below questions.

If you would like to find out more about our new project, then feel free to provide us with your contact details and we will be more than happy to let you know.

How connected do you feel to medical research into treatments for prostate cancer? *

1 - I have no connection to medical research

If we were to hold an event to raise awareness of prostate cancer and medical research, what type(s) of activity would most likely interest you to attend? *

- Food and chat
- Sports tournament
- Skills workshop e.g. woodworking
- Music workshop
- Other
